Reopening Plan for the 2020-2021 School Year

THE CAMPBELL COUNTY SCHOOL SYSTEM VALUES THE HEALTH AND SAFETY OF ALL STUDENTS AND EMPLOYEES. WE WILL REVISIT THIS PLAN FREQUENTLY AND COMMUNICATE IF CHANGES OCCUR. THANK YOU FOR YOUR PATIENCE AND FLEXIBILITY DURING THESE UNPRECEDENTED TIMES.

**Jennifer
Fields**

DIRECTOR OF SCHOOLS

Campbell County students will return to school on August 5, 2020

- Schools will open in a traditional manner.
- Students and parents will need to be flexible as information related to COVID-19 changes daily.
- We will focus on making decisions that are in the best interest of our students.
- Communication will occur regularly through email, Facebook, Twitter, School Messenger, and the local news media.
- Please see the [school system calendar located on our website.](#)

Health and Safety Protocols

The daily operation of schools will be governed by rules, regulations and guidelines set forth by national, state and local health-care officials.

Health and Safety Protocols

Precautions will include but will not be limited to the following:

- Hand-sanitizer available in all classrooms and common spaces.
- Temperature checks for all employees and students upon entry.
- Hand-washing breaks.
- Hygiene practices taught and encouraged.
- Students and staff should stay home if they feel sick or have a fever of 100.4 or higher.
- Quarantine/isolation room for any student with COVID-19 Symptoms.
- Face-coverings for students are recommended but not mandatory.
- No field trips for the 2020-2021 school year.
- No assemblies for the 2020-2021 school year.
- Use of Campbell County facilities by outside groups will not be permitted.

Attendance

- Medical notes will be required before students are allowed to return under the following circumstances:
 - Positive COVID-19 test.
 - If the student is sent home due to symptoms or a fever.
 - If the student is kept out of school for COVID-19 symptoms.
- Students must complete make-up work; it will be graded

Academic Instruction

Education is essential. Educators and students will focus on content, standards, structure, and routine. We will provide educational options to accommodate all learners in various ways. Assessing student progress will help drive instruction. Review and remediation are key to close instructional gaps, using alternatives for instruction when necessary.

Academic Instruction

Traditional Instruction

- Daily instruction will be provided for all students in-person while adhering to additional safety guidance related to group sizes, hand washing, and cleaning.

Virtual Instruction

- Virtual instruction will be provided as an option during extended closures for students with qualifying criteria.

Student Supports

- Attendance modifications and virtual supports will be made necessary to support immunocompromised students. Meetings will be conducted at the school level to determine specific supports for each student's unique needs.

Assessment

- All students will be assessed at the beginning of the school year and teachers will differentiate their instruction to meet individual student needs.
- Intervention classes will also be taught for students falling significantly behind.
- The state-adopted start of the year Checkpoint assessments will be utilized in grades 3-8 and in high school math and ELA courses that require end of course tests. The data gleaned from these assessments will drive instruction going forward.
- An online formative assessment and associated TCAP Item Bank platform will be utilized throughout the academic year (MAP).
- Mock interim assessments that mirror current TCAP summative assessments will be utilized at the end of both semesters.

Special Populations

Special Populations will have regression due to COVID 19 in learning. CCPS plans on being proactive in addressing thorough prompt data collection, review of data, and analyzing results of academic status. The IEP team will meet and make changes on the plan, modifications, and accommodations as needed. We will keep the safety of students and staff at the forefront of all decisions. Medically fragile students, with proper documentation, will have learning options. Students will have access to resources that address social and emotional needs of our students. Our continual learning plan will focus on strategies for continuing educational opportunities and services for special populations.

- Campbell County Public Schools plan on being proactive in addressing thorough, prompt data collection, review of data, and analyzing results of academic status.

School Nutrition

- Breakfast and Lunch will be provided free of charge for all students.
- Enhanced sanitation and safety will be in place for all areas of food service.
- Social distancing techniques will be practiced in serving areas and dining rooms.
- Parents/guardians will be unable to eat with students until further notice.
- Only children enrolled in our school system are eligible for breakfast and lunch at no cost.

Operations

Visitors

- Visitors to schools will be permitted by appointment only. All visitors will have a health and temperature screening upon entering the building. Parents/guardians will not be allowed to eat with students until further notice.

Custodial Services

- Custodians will follow enhanced daily and weekly cleaning protocols.
- Backpack and handheld sprayers will be used to sanitize classrooms.

Additional Precautions

- Masks are preferred but not required.
- Students will use individual supplies (pencil boxes, crayons, etc.)
- Students may bring a water bottle to use at our water-filling stations.
- Health and safety mini-lessons will be taught regarding proper hand washing, coughing and sneezing in elbow, etc.
- Extracurricular Activities will follow guidance from TSSAA and TDOE.

Transportation

- All buses will have hand sanitizer available for entry/exit.
- Drivers will fill out a safety checklist daily.
- Buses will be sanitized after morning and evening bus routes.
- Shared family seating will be implemented to make smart and safe distancing possible.
